

OUR Water Softeners Are Real Money Savers

Soft Water increases the life of your clothing and towels over 30%.

Soft Water decreases the amount of soap, shampoo and detergent you use by over 60%.

Soft Water requires 30% less fuel or energy to heat.

Soft Water extends the life of your appliances by over 30%.

OUR Water Softeners Allow Only Soft Water To Touch Your Skin

Mineral build-up on clothing and towels can be abrasive to your skin. Soft water makes your skin feel smoother, cleaner. Your hair will be shinier, more beautiful.

OUR Water Softeners Make Your Appliances More Efficient

Hard Water contains minerals and elements that build up inside your pipes, valves, fixtures and appliances. This results in costly repairs and shortened life. Our water softeners will increase the life and efficiency of your appliances.

The best water softeners are those made with Fleck and Structural components
